

## West River District Multi-Modal Network and Safety Improvements BUILD

### Project Phase

TO LEARN MORE ABOUT WHAT ACTIVITIES ARE COMPLETED DURING EACH PHASE OF A PROJECT, PLEASE CLICK [HERE](#) or visit <https://www.tampa.gov/projects>

### PROJECT DETAILS

**Neighborhood:** West River  
**Council Districts:** 4 & 5  
**Community Redevelopment Area (CRA):** West Tampa  
**Project ID:** 1002096  
**Department ID:** TRANS20079  
**Contract ID:** 22-C-00001

**PROJECT COST TOTAL EST.:** \$56,860,000

### ESTIMATED SCHEDULE

**Construction Year:** 2025  
**Projected Start Date:** July 2024  
**Projected End Date:** June, 2027  
**Funding Source:** Grant + Non-ad valorem

### PROJECT DESCRIPTION

This project involves completing a 12.2 mile contiguous multimodal mile path separated from automobile traffic including enhanced crossing locations. The multimodal path will: construct the "West Riverwalk" path, across the Hillsborough River from the existing Riverwalk, as well as expand connections and provide a variety of safe mobility options for pedestrians and bicyclists between several neighborhoods and employment centers.

The project will connect six segments of a multimodal network that will be completed by: constructing new pathways, improving existing pathways as needed, constructing pedestrian bridges, adding lighting, converting existing roadways into Complete Streets, and providing enhanced crossing facilities at major roadways.

### BENEFITS TO THE COMMUNITY

- Promotes active transportation by creating a safe and convenient network for pedestrians and bicyclists.
- Improved safety with the addition of lighting, improved pathways, and enhanced crossing facilities.
- Increased community livability and quality of life with a multimodal network that emphasizes active transportation and improved connectivity.
